

# Global Filter Corp.

Global Filter is a distributor of Applied Membranes' reverse osmosis membrane elements and filters. We offer these in CTA/CA, thin-film composite, ultrafiltration, and nanofiltration materials.

Global Filter is a major supplier of membranes. These elements are sold in 1.8" to 4" diameters and in many configurations. Replacements are available for Osmonics, Koch, and other competitors.

AMI Residential and Commercial Membrane Elements of All Types & Sizes

FilmTec Membranes also available in stock in all sizes up to 8"

For the past 15 years, Applied Membranes has manufactured hundreds of thousands of elements which have successfully replaced all major manufacturers' membranes. These elements have earned the reputation of consistent quality, reliability and performance.
